

**You have the power to heal,
the power to save a life.**

Be a hero and save a life like Pat's. Pat Ethier (a lifelong nurse who has helped to heal and support others) just received a marrow transplant from an unrelated donor located through the Be The Match Registry. She wants others to have this same chance to survive leukemia or lymphoma. By your selfless act of joining the Registry, individuals like Pat can be given the potential for a bright future. **All it takes is filling out a consent form and a quick swab of your cheeks. Thank you for your help in saving a life!**

**You have the power to save a life.
Join. Give. Volunteer.**
